

Shift to a knowledge economy requires us to re-think how employees engage.

We **engage through our social networks** and understanding these provides us powerful insights into the organization

PULSE SURVEYS

- Easy, mobile-friendly surveys
- A different question each week ensures high response rates
- Employee confidentiality ensured

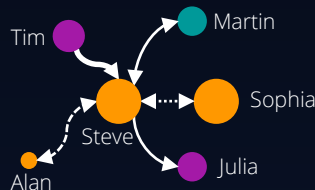

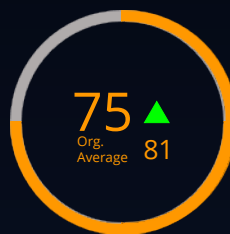

KEY BENEFITS

- ✓ Turbo-charge the **performance** of your business by dramatically enhancing the collaboration and engagement levels of your employees
- ✓ Identify **rising stars** (key influencers, emerging leaders and technical experts) and incentivize them towards superior performance
- ✓ Develop a culture and structure for **systematic innovation**
- ✓ Monitor **sentiment** in real time to ensure pockets of discontent can be identified and addressed early
- ✓ Identify **"flight risk"** employees at the first sign of disengagement to mitigate risk

DASHBOARDS & VISUALIZATION

- Individuals get notified when they are appreciated for expertise, mentorship and influence
- Beautiful, interactive dashboards
- Interactive network illustrations for visual data exploration

AUTOMATED ALERTS

- Auto-generated alerts for teams requiring immediate attention
